GAUTIER'S HERB CANDY,
For Coughs, Colds, Bronchitis, Asthma, etc.

THIS INVALUABLE CANDY has the extraordinary property of immediately relieving coughs, colds, hourseness, difficulty of breathing, bronchitis, asthma, and luskiness of the threat. It operates by dissolving the congealed phiegm, consequently cau-ing a free expectoration. Those who are troubled with that unpleasant tickling in the throat, which deprives them of rest night after night, by the incessant cough which it provokes, will, by using this Candy, find immediate relief.

The subscriber; in presenting this Candy to public notice, wishes to be expressly understood that he does not claim for it any miraculous curing properties, nor does he present it with a long string of certificates of recommendation, as he considers these altogether needless. GAUTIER'S HERB CANDY,

The subscriber, in presenting this Candy to public notice, wishes to be expressly understood that he does not claim for it any miraculous curing properties, nor does he present it with a long string of certificates of recommendation, as he considers these altogether needless.

This Candy is composed of six simple ingredients, principally of herbs, which are known to be very efficacious in the cure of diseases resulting from colds, and some of which, being rather nauseous in their natural state, would deter many from resorting to them; but, when made into a candy, become palatable, without losing any of their valuable properties.

It has been prepared at the suggestion of one of our most criment physicians, and has been used by many of his and my personal friends with signal success, and at whose carnest solicitation I have been induced to enter largely into its manufacture, assured by him and them that when generally known and tried it will supersede all the various cough candies and mixtures now in use.

As for myself, I am confident, from the ingredients of which it is composed, that, should it not effect an entire cure, it can do no injury even to the most delicate in health, and therefore have no hesitancy in introducing it to the citizens of Washington and vicinity.

DIRECTIONS FOR USE: Use one stick per day—in the morning before breakfast, in the middle of the day, and at night on going to bed. Price 12½ cents.

WONDERFUL DISCOVERY!

All must admit there never has been given such a mass of genuine testimony in favor of any ther medicine. Give it a trial! It cures when all other remedies have failed. Greater weight of testimony cannot be given—from the first men in this country.

Baltimons, Rept. 18, 1851.

BALTIMORE, Sept. 18, 1851.

GENTLEMEN: After a full and satisfactory trial of the medicine prepared by you, and very generally known as Dr. Hampton's Vegetable Tincture, which you recommended me to use as a relief for the debility and general prostration of my system, the result of taking three bettless of this wonderful compound has, I am pleased to say, resulted in a restoration of strength, a keen appetite, and an activity of body which I have not enjoyed for a long time. So satisfied am I of the virtues of this medicine, that I have confidently recommended it to many of my friends and acquaintances, and am happy to learn that in a great majority of cases the most beneficial results have stamped the infallibility of the Tincture. In my own case, I am satisfied that your advice to me to give it a trial has, under the blessing of a kind Providence, resulted in a restoration to health, for which I am truly thankful.

Respectfully, JOS. K. STAPLETON, 198 W. Baltimore street.

TRY IT AND BE CURED.—Wonderful And PerManent Cure of Dyspepsia.

Mesers. Mortimer & Mowbray—Gentlemen: This is tocertify that in the year 1943 I was attacked with a nervous affection, in consequence of Dyspepsia or Indigestion, which continued some eighteen months, during
which time my sufferings were intense, both of body and
mind. I tried every thing I could think or hear of, (as
there was much sympathy for me,) and at length all efforts failed to cure me. I bocame much weakoned, and
could walk but a very short distance at a time, and was
often in the act of falling upon the pavement, (I would
stop in some door or siley to prevent it.) in consequence
of frequent galpitations; and, from what I could learn,
I supposed I had disease of the heart, from frequent distressing pains about the same; as also my chest and abdomen—the latter being much distended. At this stage
of my disorder I could neither est, sieep or walk with any
satisfaction to myself. Life seemed to be a burden teme. My feelings were gloomy beyond description.

I at length heard of Dr. Hampton's Vegetable Tineture,
and made trial of it. I had but taken the first dose when
I felt a change for the better, and hope immediately
sprang up. I continued, with the use of this invaluable
Tineture, to improve daily, until I had taken the contents
of three bottles, which, under Divine Providence, made a
perfect cure of me.

I found I had an excellent appetite, and could partake
of any food, which I could not do for years previously
without the most distressing semanions. I now enjoy
uninterrupted good health, and have done so for the last
six years; and would say to all afflicted as I have been,
to cast aside your prejudices, and try Hampton's Vegetable
Tineture. Any information beside this but meagre description of my case will be given cheerfully for the benefit of the afflicted. Yours, WILLIAM M.OLDHAM

Custom-House; dwelling, Fayette st., near Fremont.

SUCH A MASS OF HOME TESTIMONY MUST CARRY CONVICTION TO EVERY MIND.

BALTIMOR, Sep. 18, 1851.

Messrs. Mortimer & Mowbray—Gentlemen: The cure of Mr. Robert Gault, by the use of three bottles of Hampton's Vegetable Tincture, as per his certificate, is, I think, almost unprecedented. His case of extremely exeruciating suffering, from Chronic Inflammatory Rheumatism, came immediately under my own observation, through the last four years, which I considered entirely hopeless. Through my earnest persuasion, he was induced to try your invaluable Tincture. I was prompted to remark at the time, that if medicine would cure Mr. Gault, it certainly would "remove mountains." The knowledge of this miraculous cure compels me to consider it a duty I owe to the afflicted (and particularly to those with complaints like his) to make generally known the healing power of this truly wonderful medicine. Yours, most respectfully,

JAMES P. MERRITT,

ANOTHER SCIENTIFIC WONDER!

CIRCULAR.

WASHINGTON, August 1, 1851.

CIR: After consulting many persons interested in the principal Railroads in the United States, the undersigned propose to establish agencies in this city and in New York, for the purpose of collecting full and authentic Bailroad statistics and such other information as will canble them to serve persons desiring to invest in Railroad scurities, or to procure information of any matters connected with the construction and administration of Railroads. They also propose, especially, to urge upon Congress a modification of the laws relating to contracts for carrying the mail, so as to authorize the Post Office Department to contract for the perpetual use of Railroads, and, instead of paying, as now, quarterly on contracts for four years, to advance in five per cent. bonds of the United States, chargeable upon the revenues of the Post Office Department, an amount, the interest upon which at 6 per cent. would equal the payments now made.

The Government now pays 2300 per mile for earrying the mail on first-class Railroads. This is 6 per cent, on \$6,000. The undersigned would urge that, instead of paying \$300 a mile, per annum, the Department should deliver, on a contract in perpetuity, five \$1,000 bonds, bearing an interest of five per centum. At this rate the charge upon the Department would be reduced from \$300 to \$250 a mile, per annum, and the \$50 a mile saved would create a sinking fund, which will, in a few years, pay off the bonds, and give the use of such roads forever increase for postage.

The effect will be no less advantageous to Railroad company to complete its road at an early day, and greatly increase its business and profits.

But to meet objections and impress the public mina with a proper sense of the benefits to result from this measure will require concert of action and continued active effort, through the press and otherwise.
